Unleashing Executive & Organizational Potential

I appreciate your willingness to describe your experience in the executive and leadership training that I provided to you and your organization. The information will be included in a marketing booklet that I will be using to expand my global footprint. My sincere gratitude for your support.

Herb Stevenson

Please describe your experience in the space provided

Herb worked with our entire Senior Leadership Team for approximately four years conducting assessments, 360's and individual coaching! For me personally, he not only helped me to see what I needed to work on to become a more effective leader, but also helped me to develop a long term plan on what I wanted to achieve, both professionally and personally, out of my life!

What did you find most effective from this coaching and training that supported your leadership development?

Herb is very direct in his style and approach....so there is no guessing on what you need to work on to become a more effective leader and team player!

How has the coaching and training led to be a more effective leader

It enabled our entire Senior Leadership Team to work more effectively together to not only grow our business and meet our strategic objectives, but equally important, to be fully engaged while we were doing it!!

May we cite your name and organization? If so please list it below.
